

City Nature Challenge 2021 London

Friday 30th April - Monday 3rd May Take the City Nature Challenge in Wimbledon Park!

It was hoped that the Friends of Wimbledon Park would be able to arrange several complimentary activities such as a bat walk, microscopy and talks on hedgehogs. Unfortunately the COVID-19 pandemic has prevented these.

It's now down to individuals and small groups to participate with Wimbledon Park being an ideal location. Please join in!

How to take part?

Find and photograph nature wherever you are in London using the iNaturalist app. or website. Scan the QR code to go straight to the app store!

Find it
Explore nature living in London
